**INFORMATION DISCLOSURE STATEMENT UNDER 37 CFR 1.97(c),
AND EXPLANATION OF THE RELEVANCE OF THE CITED PRIOR ART**

Sir:

The undersigned hereby requests that the prior art cited on the attached prior art statement be placed of record in the application file.

This citation of prior art is made under 37 CFR 1.97(c), since it is being filed prior to any Final Action, and is being accompanied by the fee of \$180 as set forth in 37 CFR 1.17(p).

The relevance of the prior art cited on the attached form PTO/SB/08a is as follows:

AT 374 158

This patent shows a support installation is provided for use with large, cylindrical loads to provide rotational and longitudinal movement therefor. The support includes a plurality of non-driven all-round rolls and at least one driven all-round roll, the principal rotational axes of the non-driven rolls being parallel to the load and the rotational axis of the driven roll being perpendicular thereto. The rolls engage the circumference of the load for

rotational and longitudinal movement. A U-shaped bracket fixedly or yieldably supports the rolls.

No abstract available for this patent. It is cited to show state of the art.

DE 102 11 976 A1

This patent teaches a method and an apparatus for sterilization, depyrogenization and/or annealing of containers and their closing elements is proposed, in which in at least one method step, in a low-pressure chamber or vacuum chamber, a plasma treatment is performed jointly or separately for the containers and the closing elements before the containers are filled, by means of excitation of an electromagnetic oscillation. The regions of the closing element or closing elements and containers that are to be sterilized, depyrogenized and/or annealed are made to approach the oscillation-generating apparatus by means of a suitable conveyor device for one or more predetermined periods of time.

The Commissioner is hereby authorized to charge payment of the fee of \$180, or any/all fees associated with this communication to Deposit Account 07-2100.

Examination of this application is respectfully requested.

Respectfully submitted,

Ronald E. Greigg
